DETAIL COMPANY  
**ADVENTURES**

*Let our experience be your guide...  
 La Dormida*

**CUSTOM FORMING  
 PERMANENTLY HARDENS**

**evoSHIELD™**  
 evolution of sports protection  
BY ALL SPORTS ARMOUR

**evoSHIRT**  
 recoil protection

- 1 evoSHIRT
- 1 Recoil Shield

**THE EVOLUTION IS HERE**

HERE'S HOW IT WORKS:

**START WITH SUPERIOR PERFORMING MATERIALS**

Unlike stiff plastics and bulky foam pads, evoSHIELD is made of a patented thin, lightweight composite material that CUSTOM-FORMS and permanently hardens to your body.

**ADD EXCLUSIVE [DSP] DISPERSION TECHNOLOGY**

Here is the difference. Others absorb. We disperse. evoSHIELD's all new [DSP] technology maximizes surface area protection, forcing the impact to disperse across all layers.

**IMPACT DISPERSION [ G-FORCE ]**

**DELIVER UNMATCHED COMFORT**

Our new thin, soft polymer backing and breathable mesh casing provides maximum comfort and protection.

**PERSONALIZED PROTECTION IN MINUTES**

evoSHIELD comes in a foil pack because it is air-activated.

1. Rip open the foil pack
2. Form evoSHIELD to your body
3. In 20 minutes, evoSHIELD permanently hardens to your exact body specifications

**RECOIL FEATURES:**

- Allows greater access to the firearms sport by women, youth, and the disabled
- Improves shooting accuracy
- Reduces felt recoil by more than 80%
- Universal recoil shield can be used with any gun stock
- RECOIL evoSHIRT is comfortably concealed underneath your favorite camo or shooting shirt.
- Ergonomically designed RECOIL evoSHIELD follows the upper shoulder line to allow a natural shooting movement top and soft polymer backing

# The Shooting

Strategically built in the midst of Argentina's best dove hunting fields, approximately 60 miles north of Cordoba, Detail Company Adventures' La Dormida Lodge is just a quick drive away from a number of diverse high-volume shooting venues. In total, La Dormida has exclusive access to 55 dove hunting properties spanning the famous Macha hills and the surrounding agricultural flat lands. Cordoba's most experienced and professional guides ensure hunters are in the best possible shooting situations day to day. Elaborate asados (field barbecues) break up the morning and afternoon hunts, and hammocks are provided for midday siestas. The shooting is excellent all year round – booking early is recommended.

# La Dormida

Nestled in the foothills of the Sierras Chicas Mountains, La Dormida combines unparalleled luxury with the best dove shooting Argentina has to offer. From the lodge to the hunting fields, every detail has been meticulously addressed. The La Dormida "concept" is for those in search of the world's finest and most unique hunting destinations.

**Hunting Season:** Year Round

# The Accommodations

To call La Dormida a first class hunting lodge would be an understatement. No expense was spared and no detail overlooked when designing this one-of-a-kind lodge. Beautifully landscaped grounds and spacious outdoor lounging areas compliment a sophisticated and relaxing interior. A wide-open den doubles as the lodge's dining area and serves as the main gathering room. Despite its contemporary design, guests still get the warmth and comfort normally associated with traditional hunting estancias. La Dormida is perfectly suited for both corporate getaways and private parties. There are five beautiful en suite bedrooms and groups are normally limited to nine or less to ensure the most personable service.
